Council Members: Ronald Bailey

The Supervisor called the meeting to order at 7:31 p.m. Keitha said that originally they had thought they would vote on the Telecommunications Tower Law tonight, but Shelly from the County Planning Department suggested having the County Planning Board review the law. She said they will be looking at it tomorrow. Keitha said we also have the letter from Mark Goldberg's group, and which we will review. She said we can schedule a Special Meeting if needed to address this law. We will see what time we have at the next Board meeting. She discussed some of what is on the agenda for the Board meeting e.g. DEP Hamlet extension, and regulation for gas leases. Roger said it would be nice to have some of our Planning Board members at the next meeting. Krystine Hadley the chairman of the Planning Board said she would attend. Natural Gas activity and other organizations plans were discussed.

Ron Bailey announced within a few days the Website will go on line hopefully. This was talked about.

Keitha announced that the article 78 concerning the first wind law has been dropped.

Roger asked about the leases from the companies for the Town cell tower. Keitha said Jeff Staley has the leases, but she has not heard back from him.

There was a lengthy discussion regarding the cell towers and coverage and regulations between public in attendance and the Board.

A motion to adjourn the regular meeting was made by Daniel Birnbaum, and seconded by Paul Menke. The meeting was adjourned at 8:06 p.m.

Respectfully submitted,
